**DATE: October 21, 2024**  
**RE: 2024 VtSHARES Campaign**

---

Today marks the start of the 2024 [VtSHARES](#) Campaign 'Employees Care', celebrating the incredible impact of State of Vermont employees. Your daily dedication is recognized by your supervisors and makes a difference in the lives of many.

I encourage you to extend that care to your communities by pledging to one or more of the [128 nonprofit organizations](#) involved in this year's Campaign. These organizations all operate within Vermont and are searchable by county or keyword, ensuring you can find a cause that resonates with you.

Critical issues continue to affect the well-being of Vermonters and demand our immediate attention. Addressing these challenges fosters community engagement and creates lasting positive impacts. Your generosity today can lead to a brighter tomorrow for our neighboring communities.

As Governor Scott said in [this video](#) "The VtSHARES Campaign is another way for us to give back, because we're not only contributing to many local organizations, we're also making a difference in our communities. Every donation, regardless of size, helps people across Vermont - getting through hard times, creating stronger support systems or adding services."

Please be on the lookout for emails from your VtSHARES Campaign Ambassadors, who can assist you with the [online pledge form](#), list of [nonprofit organizations](#), and any questions you may have.

The Campaign is active now through Monday, November 4, 2024. I encourage you to make a pledge towards our Statewide goals of 1,045 employees pledging a total of \$289,956.00, reflecting another way to express your care for Vermont. It's a great opportunity to support causes that speak to your heart and make a real difference in the lives of others, through convenient payroll deductions.

Thank you for your support, the many ways you give back to others, and for believing in a better future for Vermont.
